

BILL SCHEIBLE

**BILL SCHEIBLE, GOVERNMENT SALES ENGINEER
US ARMY/US MARINE CORPS/NATIONAL GUARD**

MGYSGT USMCR (RETIRED)

Bill Scheible manages sales to the US Army, US Marine Corps, and National Guard as a representative of Transhield, Inc. Transhield is the market leader in cover protection technologies to commercial and government markets. He joined the company in October 2013.

During his 30 year career as Master Gunnery Sergeant with the United States Marine Corps and United States Marine Corps Reserve, Bill gained practical experience and leadership managing varying fleets of tactical vehicles, equipment and personnel as a Motor Transportation Operator and Motor Transportation Operations Chief. His experience led to a one year combat tour in Operation Iraqi Freedom as the Logistics and Motor Transportation Chief for the Anbar Operations Command in Ramadi, Iraq and also served as an advisor to the Iraqi Army, training their soldiers in logistics, motor transportation and convoy operations.

Following his deployment to Iraq, Bill was the Logistics, Provisioning, and Technical SME for a large tactical vehicle program for the Marine Corps System Command (MCSC). Using the knowledge he gained in combat, he provided advice to those who test, design, procure, supply, maintain, operate and repair the vehicle. Additionally, he compiled, completed and maintained the SL-3 Manual for the program to include all basic Issue items and government funded equipment. Bill was recognized numerous times during his 3 ½ year employment by Marine Corps System Command, L3 and the Joint Program Office (JPO) for his contributions to the program.

Bill has extensive customer relations background having been the president and founder of his own residential design and consulting firm. During his 14 year career as a residential designer, Bill designed over 400 custom homes and received recognition for those designs. He also served as a consultant to residential developers in Georgia, Alabama, Tennessee and Mississippi.

Since being hired by Transhield, Bill has formed an expanded relationship with the United States Army in the MOS fields of Artillery, Tanks, Transportation, Bridging, Engineering, MEP, Route Clearance and the MRAP community. Bill has used his career experience as a U.S. Marine and a small business owner to form new working relationships with decision makers such as the program managers and soldiers who depend on his knowledge of the Transhield products to help protect and preserve their equipment.

He resides in Georgia with his wife Donna and children, Elizabeth and Andrew.
